

## GALLERY ACRYLIC GESSO

Ready to use flexible, white, toothy, semi-absorbent, 100% acrylic ground. May be wet sanded.

May be thinned with up to 25% water. For oil painting apply a minimum of 3 coats to avoid oil penetration. Allow Gesso to dry thoroughly.

Apply above 49 F/9 C and clean with soap and water.

For health and safety, avoid ingestion, excessive skin contact and inhalation or spraying mists, sanding dusts and concentrated vapors.

## GALLERY ACRYLIC PASTEL PRIMER

100% acrylic, off-white, translucent, toothy surface for pastel, charcoal, graphite and other media. Also useful as an absorbent ground for painting.

Thin with water for a more uniform layer. Allow to dry thoroughly. Apply above 49 F/9 C. Always test for your application. Clean with soap and water.

For health and safety, avoid ingestion, excessive skin contact and inhalation or spraying mists, sanding dusts and concentrated vapors.

GLOSS MEDIUM	Cardboard box	48 sets

## GALLERY PASTEL FIXATIVE

In order to preserve pastel drawing works for a long time, make a thin protective transparent film on the surface of works. Can be used as fixative for powder works such as charcoal and pencil.

Can be used for watercolor, poster color (Gouache) and POP works.

- High transparency / UV / very less effect on the color of the works

- Alcohol / Not for Drink.

- Ethanol / IPA / Polyvinyl Resin
