Greetings from CEO

In 1946, MUNGYO started its first step as a blackboard company.
Since then, through the constant product development and intensive innovation,
MUNGYO has had wide range of product portfolio such as art,
office and school supplies.

Based on trust from customers, MUNGYO is positioned as a leading manufacture
in global stationery industry as well as domestic market.

Not being satisfied with success in art and school supplies, MUNGYO is
continuously reinforcing its accumulated know-how to spur promotion of office
supplies and other stationery business for our customers.

We are striving to be the only and the best company which gives delights of painting,
teaching and working to end-user customers, and which provides the best value
to our global partners.

Thank you.

Min J. Kim

About MUNGYO

In 1946, Mungyo started its first step as a blackboard and chalk manufacture in South Korea
and then has expanded its business range into Pastel, Plaster, Marking pens and Glue Sticks and other new items.

As one of leading stationery companies in S.Korea, Mungyo have expanded its market with reasonable price level and acceptable quality.

We fully understand that the only way to continue to make a success from more and more harsh competition is to cooperate
with customers and meet their needs with constant development of technology and quality.

We believe that the basic social responsibility of enterprise lies in supplying best quality goods to customers.
From the beginning, Mungyo have aimed its operation to the satisfying quality.

"Rich pigment, vibrant, lightfast, the large 200 spectrum of soft pastel come in different grade of softness, MUNGYO pastels are my current favorite. The bold bright to the velvety dark and the lightest light colors are the must-haves for every pastel artist. The pastels are good for smooth blending, layering and sharp markings without crumbling."
